Part drag race, part relay race, flyball is a fast paced, high energy sport for dogs and their people.

The 51-foot long course consists of four hurdles spaced 10 feet apart with a spring loaded box fifteen feet from the last hurdle and start line six feet from the first hurdle. The first team to have all four dogs finish without errors wins!

Each year Bay Racers travel all over California, Nevada, and Arizona weekend after weekend to participate in the sport of flyball. It's almost as addictive to watch as to race!

Flyball Relay Course

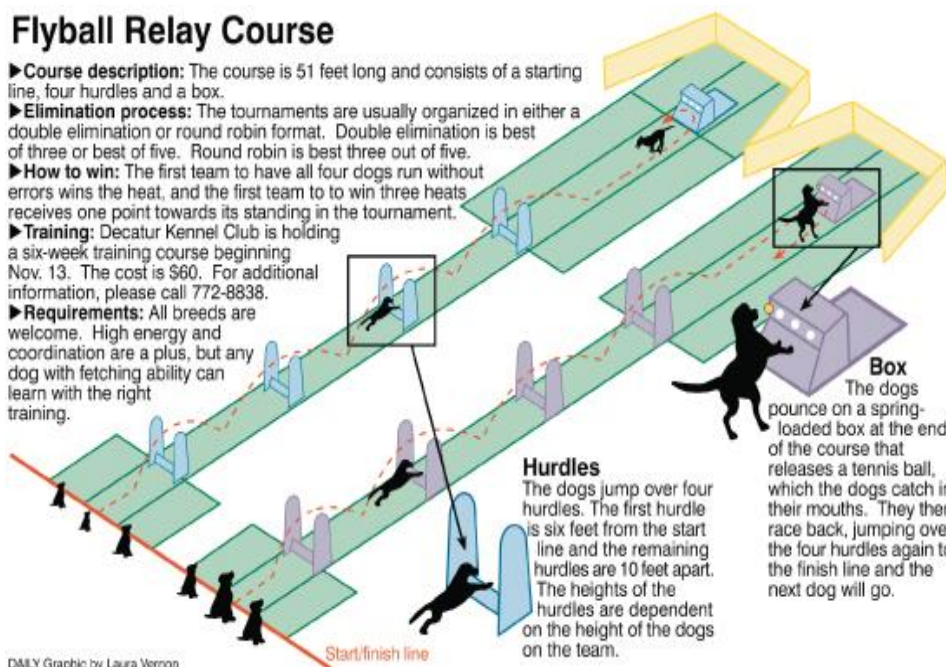

► **Course description:** The course is 51 feet long and consists of a starting line, four hurdles and a box.

► **Elimination process:** The tournaments are usually organized in either a double elimination or round robin format. Double elimination is best of three or best of five. Round robin is best three out of five.

► **How to win:** The first team to have all four dogs run without errors wins the heat, and the first team to win three heats receives one point towards its standing in the tournament.

► **Training:** Decatur Kennel Club is holding a six-week training course beginning Nov. 13. The cost is \$60. For additional information, please call 772-8838.

► **Requirements:** All breeds are welcome. High energy and coordination are a plus, but any dog with fetching ability can learn with the right training.
